Life is like a game of cards. The hand that  
is dealt you represents determinism; the  
way you play it is free will.  
-Jawaharal Nehru

After the game,  
the king and the pawn go into the same  
box.

Dear: Kwakiutl Chief and Council, Kwakiutl Band Manager: Norman Champagne, Lavina Brown Hunt, Davina Hunt, Aggie Hunt, Marion Hunt, Secretary, Aggie Hunt, Family and Friends, Dan Carter. Ernie and Ken Knopp, G. Construction, and Rock Pro, Gary Rolf D.I.A, and Engineer, who travelled up from Campbell River, Thank you.

I must admit I was pretty nervous when I went to see my house and was told that it would be gone by the next morning. I would like to thank- my Family and Friends who showed up to help me the next morning at 7:00 Am., and it was a cold and icy morning. Many challenges at the house, as it sustained lots of damage.

I would also like to thank Providence Place who supplied the truck to help me move, and for Doug, Mom, and Gee who came to help with the move of my belongings from the house. I would also like to thank Dan Carter who helped by bringing his truck for moving and who helped in many other ways, as thinking of a way to keep my home. Thank you.

Many were involved in the process to save my house, and I thought I was going to lose my house; I especially want to thank my brother, Stanley and Lavina who were there for me for the two days that I was going through this difficult time. A big thank you to Larry and Stanley who went and checked on my house. Stanley and Lavina helped also by taking us out for supper and lunch. The situation makes it hard to plan and deliver this when you are in a crisis. My friend, Sandy Umpleby, and Dennis for all their emotional support. Thank you.

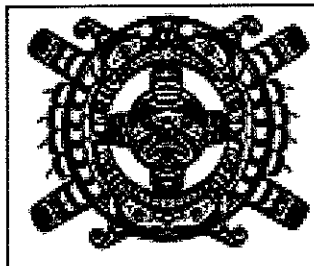

I was very proud when I looked at the pictures and was so thankful for all my Nephews: Maurice, Jason, James and Barb were a great help. Gordie a big thank you. Each erson was there and helped me and I am sorry if I forgot anyone. I am still recovering from the emotional stress I was under. The point is it is hard to let everyone know as I was very busy trying to figure out what was happening. Sorry if you found out after the fact. Thank you.

I only know that I could not have done this without all of you who were there. Each person played an important role and even looking for phone numbers was a problem. I would also like to thank our Band Manager: Norman Champagne who kept the ball rolling and was totally on top of everything as we were bucking a time schedule. His part was very important and he did not hesitate to take action. Thank you.

I will never forget the love and support that was shown to me, and if you ever need my support then I will be there for you. Thank you.

My house will be stronger, once they finish their plans, and even the Engineer was totally supportive, Thank you.

With Love,  
Noreen Hunt
