Quotes of the Week

When things go wrong as they sometimes will;
 When the road you're trudging seems all uphill;
 When the funds are low, and the debts are high
 And you want to smile, but have to sigh;
 When care is pressing you down a bit-
 Rest if you must, but do not quit.
 Success is failure turned inside out;
 The silver tint of the clouds of doubt;
 And you can never tell how close you are
 It may be near when it seems so far;
 So stick to the fight when you're hardest hit-
 It's when things go wrong that you must not
 quit.

It is not the critic who counts; not the man who
 points out how the strong man stumbled
 or where the doer of deeds could have done
 them better. The credit belongs to the man
 who is actually in the arena,
 whose face is marred by dust and sweat and
 blood; who strives valiantly; who errs and comes
 short again and again; who knows great
 enthusiasms, the great devotions; who spends
 himself in a worthy cause; who at the best,
 knows in the end the triumph of high
 achievement, and who, at the worst, if he fails,
 at least fails while DARING GREATLY so that his
 place shall never be with those timid souls who
 know neither victory or defeat.

TO THE PEOPLE IN FORT RUPERT:

Firstly, I would like to honour Corrine Child for all she has done and to continue the good things she has worked on.

Then I want to hear from the people, what it is they want for their community.

The following are some of what I would like to work on:

- Support the building of a new school
- Look into splitting from KDC.
- Have our own Health Director and support the health workers
- Look into having our own float for our fishermen
- Look into having a soccer field for the kids with a tract for walkers
- Support Shellfish Aquaculture
- Look into paving the road beyond Jokerville
- Look into The Douglas Treaty and see if we can benefit from it
- Support an Elders' Council. I would like to have a paid Elder's Coordinator.
- Work closely with the Band Manager and listen to what people say
- Support tourism. Help our artists
- Look into having a Gas Station
- Fix the leaking in The Big House
- Improve housing and build more homes

Good Wishes to everyone who is running in this election and I hope many people will vote.

Alfred Hunt

My name is Desiree E.M. Hunt,
And I am running for Council.

You might ask why?
Or where has my involvement been in our community?

I know for the last year I've not been involved in our community. But for those that do not know, I moved to Nanaimo and enrolled myself at Vancouver Island University and took the Hairdressing Course. Now I have completed the Hairdressing Course, and am a Certified Hairdresser, and I am back.

I feel that Chief and Council should have 100% involvement in our community and have that interaction with our people, which I will. Being raised in Fort Rupert I have watched the Positive and Negative side inside and outside of our Band Office. I feel that I have learned and listened to a lot of our peoples need and wants. I want to make our community a positive place to live and raise our future Children. I want Houses, Education, and Jobs. I want our community to move forward in life. I feel that I'm a strong, outspoken individual that stands up for my beliefs. I am fair and honest.
I will make a good voice for our community.

Thank you for your support.

Ann Hory – Candidate for School Trustee

Apart from food, shelter and love I believe education is the single most important thing we can give any child.

Public education means all children have equal opportunity and a fair chance at building a bright future. Education is the foundation on which everything else stands.

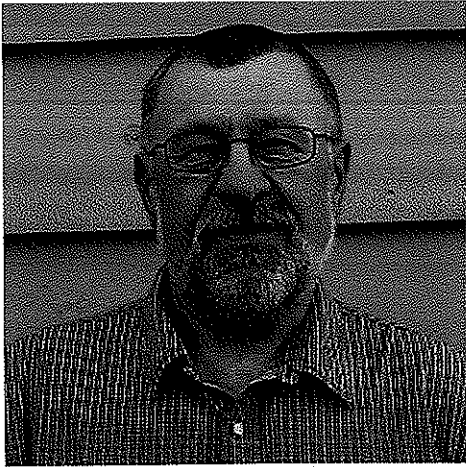

I have lived on the North Island since 1973, 38 years. My children grew up and went to school here, first at Robert Scott and then at PHSS. For 18 of those years I have been a School Trustee. I am experienced, capable, caring, and most of all passionate about public education and access for all. There is one question trustees need to ask when making any decision, "Does this decision further the education of students?" I am 100% committed to kids coming first in the BC education system.

In 1984, as a trustee I brought forward the first Race Relations policy in SD 85. In 2005 I saw that policy extensively revised, with a great deal of input from the First Nations Education Council (FNEC). Diversity month, celebrated in all district schools was originated by me. I have served on the FNEC for more than 10 years as the representative of the Board of Education and during this time I have been involved in both Aboriginal Education Enhancement Agreements. I have brought many things forward including Aboriginal Scholarships for grade 12 students. I also spent a year (1995-96) teaching ABE English at the adult college in Gwa'sala-'Nakwaxda'xw.

I am respectfully asking for your support in the upcoming School Trustee election in Port Hardy on the 19th of November.

Sincerely

Ann Hory.
